Mark A. Granatire Jr

Springfield, VA
markgranatire@gmail.com
412.862.5556

Results-driven Pega Certified Senior System Architect (CSSA) with 6+ years of enterprise application development experience and a master's in data science (part-time / in-progress). Skilled at creating efficient, user-friendly applications, integrating data workflows, and applying advanced analytical methods. Proficient in Scrum, databases, Java, and data modeling, with a growing expertise in Python, SQL, R, and data visualization. Passionate about leveraging engineering, software development, data science, and analytics to solve business challenges.

PROFESSIONAL EXPERIENCE

srcLogic, LLC August 2019-October 2025

Software Developer, Vienna, VA ***(Full-Time)***

US Government Agencies & Internal Projects

Supported the development and enhancement of multiple Pega applications across federal agencies, focusing on security, automation, reporting, and user experience.

- **Application Development & Enhancements:** Designed and enhanced Pega case types, workflows, and UI components; implemented security features, hotfixes, PDFs, and email integrations; ensured compliance with government standards (e.g., SF-86, Section 508).
- **Process Automation & Optimization:** Built work queues, schedulers, and reusable components (Survey Management, Task & Questionnaire tools) to streamline case management and improve efficiency across multiple applications.
- **Reporting & Dashboards:** Delivered dashboards and reports providing high-level insights and key performance metrics for stakeholders, enabling better decision-making and compliance tracking.
- **Collaboration & Delivery:** Partnered across multiple agile teams, contributing to PI Planning, sprint reviews, and design sessions, while troubleshooting production issues and supporting functional teams.
- **Prototyping & Innovation:** Built prototype applications for acquisition planning, background investigations, and internal control programs, integrating third-party systems (e.g., SOAPUI Alerts), guided tours, and milestone tracking.

Recruiting Lead – Penn State University

Directed recruiting strategy and outreach to identify and hire top candidates.

- Designed and executed multi-year marketing and recruiting campaigns (Fall 2020–2023, Spring 2021–2024).
- Represented srcLogic at university recruiting events to source top candidates.
- Delegated and coordinated recruiting tasks to streamline the candidate pipeline.

Training & Certifications

- Completed srcLogic training in Java, MySQL, HTML, JavaScript, and CSS to understand the Pega Platform's back-end.
- Achieved **Pega CSA 8 Certification** (Sept 2019) and **Pega CSSA 8 Certification** (Oct 2019).
- Gained hands-on experience with Agile Scrum principles, including user stories, sprint planning, daily scrums, retrospectives, and backlog refinement.

DICKS Sporting Goods May 2018-August 2018

Software Engineer Intern, Pittsburgh, PA ***(Internship)***

- Created an SMS alert service that notified developers when important metrics crossed concerning thresholds. Built using Java 8 with Spring Boot and communicates with the xMatters alerting software
- Created a web application that allowed internal employees to search for product and inventory information that was not easily accessible previously. Built using Java 8 with Spring Boot, Unix, Angular 6, and Angular Material
- Experienced Balanced Teams (Product Manager, Designer, Engineer) with Lean Development

---

SKILLS

Basic Skills: Spark, PySpark, Hadoop, Jinja, Bootstrap, Flask, Linux, Database Management, Angular, React, REST API, Tableau, PowerBI, Spring Boot

Proficient Skills: Python, R, SAS, Pega 8, Java, JavaScript, MySQL, SQLite, CSS, HTML, Microsoft Office Applications

Certifications: Pegasystems Certified Senior System Architect (CSSA 8), Pegasystems Certified System Architect (CSA 8), Pega Certified Business Architect (CBA 8.4), Customer Service Ready Badge, Pega Platform Ready Badge, Business Architect Badge, Low Code Builder Badge, Pega Express Delivery, Loyola Data Visualization R / RStudio / RMarkdown Badge, Loyola Python Badge
